Name Policy

How to book a ticket with single name or no family name

Dear Trade Partner,

We would like to inform you that we have updated entering Pax names with single name/ no family names in line with IATA AIRIMP Standard - (Airline Industry Reservations Interline Message Procedures – Passenger). This standard governs how passenger names and related data are formatted and transmitted across interline and computer reservation systems (CRSs/GDSs).

For example:

Passport:
Given Name(s): JAWAD KHALIL
Surname: Blank

The IATA AIRIMP principle would be:
Family/Last Name: JAWAD KHALIL
Given/First Name: FNU + applicable title

Please refer to updated FAQ in our website **omanair.com** for more information.

We sincerely appreciate your cooperation and continued support.
